

Errors in 2018 2nd Edition

Page 21 Figure 2.15 there should be no arrow connecting Height to Intelligence

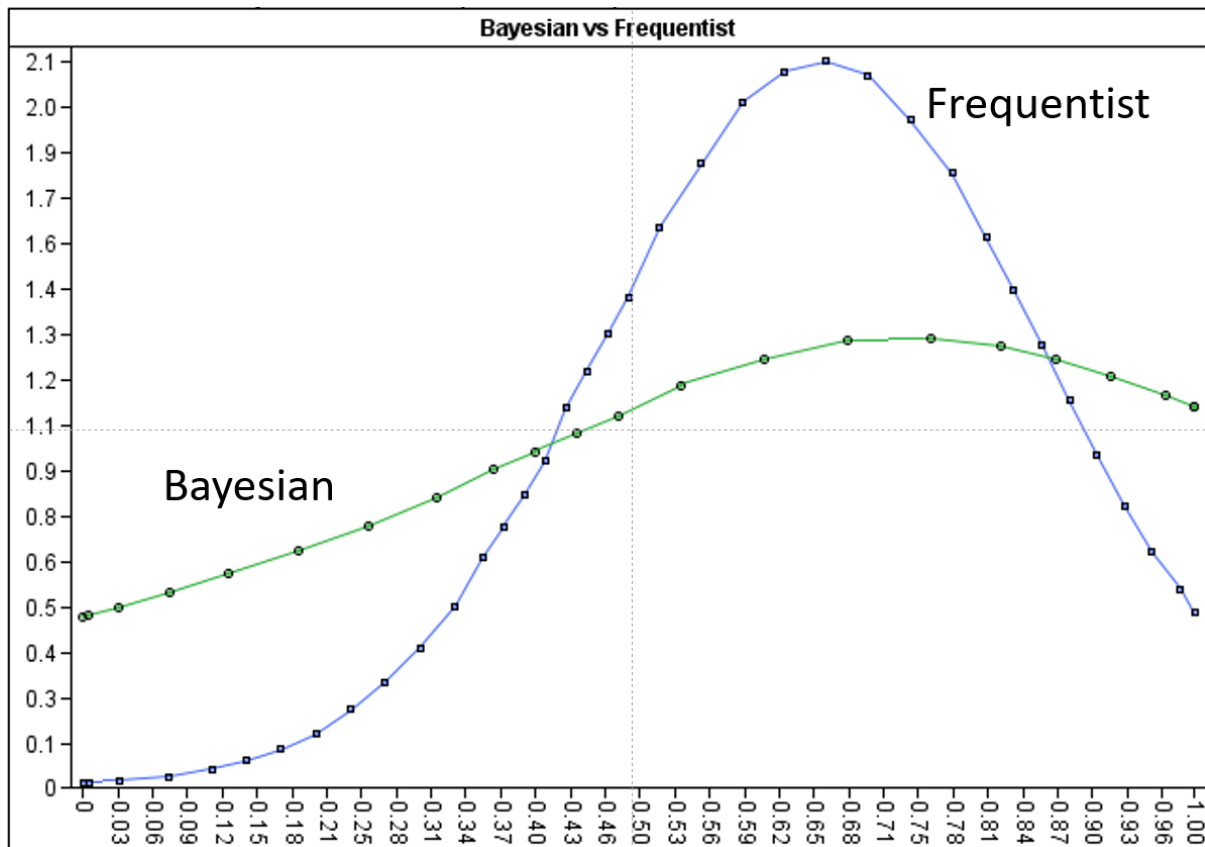

Page 153 Table 6.4 $P(data) = 0.168756$ and so denominator used in calculation of posterior is equal to 0.168756 rather than 0.08257. The Posterior result shown in the table is correct despite this error.

Page 157 Figure (7.1) lower case “p” should be replaced with upper case “P” i.e.

$$P(T = True | N = True) = \frac{P(N = True | T = True)P(T = True)}{P(N = True)}$$

Box 7.1 Part 2. Refers to Theorem 4.1 when it should refer to Theorem 5.1.

Page 326 Figure 10.25 should be replaced with:

Page 427 Example 13.1 $P(Collision) = 0.01 \times 0.1 \times 0.1 \times 0.5 \times 0.5 = 0.000025$

Page 467 penultimate paragraph replace “....to have even high reliability....” with “....to have even higher reliability...”.
